## **COMMITTEE REPORTS**

### **Principal Selection Committee Update**

We have been meeting with candidates. Each candidate was screened. We have a number of candidates we have interviewed the second time.

There is some concern about the REACH evaluations and the amount of time it takes and how that will take away from the responsiveness.

Discussed bringing a coffee back to help ease the load on parent time with Danielle.

### **PPLC**

The PPLC/ILT/Climate and Culture

Each school now should have a climate committee to establish systems with the social emotional learning. ILT will be a part of the meeting.

District has climate standards. Need to have a team in place that can oversee this committee and the initiatives.

There was a safety committee meeting. First set of drills has been conducted and recorded.

Pads are in place for the gym.

Safety committee will be working with Trebes Park Advisory Council to try to get wood chips in more timely fashion.

E1 students are brought in by 4 assistants for the 8 classroom. This was a concern of a parent. There are also 2 other staff ensuring the students get in safely.

### **CIWP**

Peter Talmers wants to meet to ensure that CIWP is being progress monitoring.
